PROFESSIONAL SUMMARY

Software Developer specialized in frontend development, skilled in building fast, responsive, and accessible web applications with React.js and Next.js. Passionate about writing clean, maintainable code and applying computer science fundamentals to solve real-world problems. Experienced working in Agile teams and collaborating effectively to deliver projects. Currently expanding my skills into backend development using Node.js, Express.js, and SQL to become a more versatile full-stack developer.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, PWA
- **UI & Styling:** Tailwind CSS, Bootstrap, Material-UI, Shadcn UI, Ant design
- **State Management:** Redux Toolkit, Context API, TanStack Query, Zustand
- **Forms & Validation:** Formik, React Hook Form, Yup, Zod, TanStack Form
- **Programming & CS:** C++, Java (academic), Python (basics), Data Structures, Algorithms
- **Performance & DevTools:** Core Web Vitals, Lighthouse, React DevTools, Chrome DevTools
- **Backend (Learning):** Node.js, Express.js, SQL
- **Tools:** Git, GitHub, GitHub Workflow, VS Code, Claude, Cursor, Vercel, Antigravity, Jira, Clickup
- **APIs & Auth:** REST, Axios, NextAuth.js
- **i18n / Localization:** Next-Intl, React-intl

EXPERIENCE

Frontend Developer – Blue Ribbon (Hybrid) Nov 2025 – Present

Worked on scalable modules using React.js, Next.js, and TypeScript, collaborating with backend engineers and QA/testing. Developed and implemented production-ready features deployed at staging and production.

Implemented 15+ reusable generic components, improving development speed and UI consistency across modules.

Identified and fixed 50+ bugs in production, improving application stability and reliability.

Frontend Intern – Elevate Tech (Remote) Mar 2025 – Nov 2025

Built 20+ reusable UI components in React.js and Next.js, used across multiple Agile sprint deliverables.

Integrated 60+ REST API endpoints with Axios, handling data fetching and form submission flows.

Implemented type-safe forms with TypeScript and Next-Intl, supporting 2 languages across the application.

Participated in 15+ code reviews per sprint cycle, improving code quality and reducing merge conflicts.

PROJECTS

- **Fresh-Cart – E-commerce Platform** (React, Context API, Formik, Yup) [[Code](#)] | [[Demo](#)]
Built client-side app with 20+ product listings, React Context API for state, Axios for API integration, and Formik/Yup form validation.
- **Fitness App** (React, TypeScript, Tailwind, React-intl18) [[Code](#)] | [[Demo](#)]
Built fitness app supporting 2 languages with multilingual UI, secure authentication, and 5+ type-safe forms in Agile collaboration.
- **Flower App – Online Store** (Next.js, TypeScript, NextAuth.js, next-intl) [[Code](#)] | [[Demo](#)]
Built store with 3 user roles via role-based auth, type-safe forms, multi-language support, and responsive UI across 10+ pages.
- **Online Exam – Examination System** (Next.js, Next Auth, Next intl, TypeScript) [[Code](#)] | [[Demo](#)]
Developed secure exam portal supporting 3 protected routes with reliable form handling and session-based access control.
- **Task Management – Full-Stack Web App** (Next.js, Prisma, Tailwind, Shadcn/UI) [[Code](#)] | [[Demo](#)]
Created full-stack project management app with 4 CRUD modules, JWT auth, Prisma ORM, and responsive UI.

EDUCATION

B.Sc. in Computer Science – Menoufia University, Egypt (Graduated July 2025)

Relevant Coursework: Algorithms, Object-Oriented Programming, DBMS, Software Engineering

CERTIFICATIONS & TRAINING

Next.js Training Program – Elevate Tech (Mar 2025 – Nov 2025)

Frontend Diploma (React.js) – Route Academy (Feb 2025)

LANGUAGES

Arabic: Native

English: Upper-Intermediate
